The Digital Dance Lab offers dancers, choreographers, application-oriented developers, media-technicians and media-artists to experiment with a variety of technologies (e.g. Motion Capture, 360°-Video, Virtual/Mixed Reality, body-sensors) in order to develop synergies and exchange knowledge about connectivity and the possibilities of the human body in the digital era.

The results of this five-day interdisciplinary experience will be presented at the Temps d'images Festival at the tanzhaus nrw.

Please send your CV, a letter of motivation with your research interest /or short proposal of artwork (500 words max), and if available, links to your work samples under "Expanded Body II" to buehne@tanzhaus-nrw.de until November 8th (23.59 h) Fon: +49 211 1727074. Priority will be given to applicants from NRW region.

There will be no participation fee charged. Accommodation can be provided. The working language is English and German.

The Expanded Body II is the second of its kind after the successful first Digital Dance Lab in January 2018. It is conceived by Choy Ka Fai, Jochen Feitsch and Stefan Schwarz, and takes place as part of **MOCCA** - Motion Capturing Creative Area, a project of the University Düsseldorf – media department, LAVA Labs, Velamed GmbH and tanzhaus nrw, supported by EFRE.
